

PRINTING OF CONGRESS.

THE STANDARD PREPARATION.
SCHWARTZ'S COMPOUND EXTRACT
OF SARAPARILLA.

The astonishing success with which disease has been combated by this powerful remedy for the last three years, in the District of Columbia and other places, has induced the proprietors to present its claims to the public in a more forcible manner, under the conviction that its invaluable and unerring medical virtues will benefit thousands, under whose notice it may come. Therefore, he would urge it upon all who read this not to let it pass unnoticed, but give that attention to which it is so deservedly entitled.

The following are some of the diseases which will testify to its never-failing efficacy, viz:

Serofilia, in any form; Inflammation of the eye, in every form proceeding from a scrofulous habit;

Chronic Rheumatism; Bronchitis; Dyspepsia, when proceeding from hepatic derangement.

Constitutional Siphilis; General Debility; Habitual Convulsions; Cutaneous Affections, and all diseases arising from deranged secretions of impurities of the blood.

Persons taking this remedy should not grow impatient or become too sanguine in their hopes of rapid restoration to health, as its effects depend upon the length of time that disease has prevailed; therefore I would say to all who may feel disposed to test its virtues not to commence before they are fully determined to continue its use, whether it is one bottle, a dozen, or more, as no two cases are exactly alike, nor can be relieved by any stated number in anticipation.

The second class will consist of reports of cures, with dates, and names of patients, which may accompany them with an index to the whole, to be printed on royal paper of regular size, weight, and of good quality, each sheet to measure 12 by 18 inches, and to contain 100 copies, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the House of Representatives, will form one separate job, and is to be provided for by a separate bill.

The third class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the Senate, will form one separate job, and is to be provided for by a separate bill.

The fourth class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the House of Representatives, will form one separate job, and is to be provided for by a separate bill.

The fifth class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the Senate, will form one separate job, and is to be provided for by a separate bill.

The sixth class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the House of Representatives, will form one separate job, and is to be provided for by a separate bill.

The seventh class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the Senate, will form one separate job, and is to be provided for by a separate bill.

The eighth class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the House of Representatives, will form one separate job, and is to be provided for by a separate bill.

The ninth class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the Senate, will form one separate job, and is to be provided for by a separate bill.

The tenth class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the House of Representatives, will form one separate job, and is to be provided for by a separate bill.

The eleventh class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the Senate, will form one separate job, and is to be provided for by a separate bill.

The twelfth class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the House of Representatives, will form one separate job, and is to be provided for by a separate bill.

The thirteenth class will consist of reports of cures, to be printed with English type, and with an English white line between each printed line, the price of 100 copies, 20 cents, and the amount per page of good quality, suitable for writing on each sheet to measure not less than 8 by 13 inches, and the amount per page of good quality, not less than 1,000 copies, for the price of composition, and the price per page for press-work, paper, folding, and stitching, and for 500 copies, for binding and stitching, and for 500 copies, for mailing, and for 1,000 copies, for the price of composition, for the use of the Senate, will form one separate job, and is to be provided for by a separate bill.

The fourteenth class will consist of the executive documents of state governments, messages from the President, reports of the various departments, documents and other papers or documents, not included in parts B and C of this class.

This part of the fifth class to be printed in the same manner, as the second class, and the proposals must state the name of the author, and the date when he was created, the best medical skill without loss of life, was successfully restored to health by your Extract of Saraparilla, some 15 or 18 months ago, and has enjoyed perfect health ever since. Such an invaluable remedy should be made known to the extent of the country; and I sincerely hope, before long, that it will be sought under the notice of many who may be similarly afflicted. I am most respectfully yours,

CHARLES W. STEWART, Jr.

June 7, 1848.

To Dr. A. J. SCHWARTZER, Jr.

I consider it a duty I owe to you and to the public, to state that my son, who had been affected for a great length of time with a severe bronchial affection, was completely restored to health by your Extract of Saraparilla, some 15 or 18 months ago, and has enjoyed perfect health ever since. WASHINGTON, December 22, 1847.

To Dr. A. J. SCHWARTZER, Jr.

Dear Sir: I take great pleasure in stating that, about 18 months since, I used your Compound Extract of Saraparilla, prepared by Dr. Schwartz, in the General Delivery, and found it to be a valuable medicine; but seven bottles were lost two years since, when it was returned to me, and still continues in the enjoyment of perfect health.

CHARLES W. STEWART, Jr.
